

Great Massingham Church of England Primary School results 2016

We are proud of the results achieved this year.
The published data shows that we are performing at least in line or better than National expectations in Year 1 phonics, KS1 reading, writing and maths and in KS2 in reading, VGPS and maths.

*It should be noted that small cohorts mean that just above or just below National figures indicate that the school is generally in line with national. In some cohorts one child could equate to as much as 20% or 25%.

School data 2016

All data in bold italics show where we have exceeded National expectations.
